

**Announcement of Bangkhunnon Metropolitan Police Station**  
**Subject: Declaration of Integrity and Commitment to Prevent Corruption**  
**Bang Khun Non Metropolitan Police Station**

---

The Superintendent, commissioned police officers, and permanent staff of Bang Khun Non Metropolitan Police Station hereby declare their collective commitment to uphold the highest standards of transparency and accountability. We are determined to create a corruption-free organization and to perform our duties with integrity, prioritizing the public interest above all else.

This commitment is rooted in the moral values and ethical culture of the organization. We emphasize professionalism, fairness, and transparency in internal communications at all levels. These values will serve as guiding principles in the organization's operations and will be upheld alongside relevant laws, rules, and regulations. Our goal is to become a clean, transparent, and just institution that delivers public services effectively and continuously improves its operational quality.

To achieve these objectives, Bang Khun Non Metropolitan Police Station will undertake the following actions:

1. **Strictly comply with all laws, regulations, and official rules** in every aspect of our duties, while also promoting compliance among all personnel.
2. **Administer and perform duties in accordance with the principles of good governance**, ensuring fairness, accuracy, transparency, and accountability at every stage of service delivery.
3. **Promote awareness and instill values against corruption**, encouraging personnel to distinguish between personal and public interests, reject and stand against all forms of corruption, and foster a strong internal check-and-balance system. This will cultivate a sustainable anti-corruption culture throughout the organization.
4. **Instill the philosophy of Sufficiency Economy** into both work and daily life, encouraging a modest, ethical, and sustainable approach among all police personnel.
5. **Encourage participation from the private sector and the general public** by promoting open communication and access to information through various channels, whether technological or participatory formats.
6. **Manage the organization based on good governance principles**, promoting a transparent and cost-effective use of public funds, aiming for maximum benefit to the state, and accepting responsibility for any impact or damage that may arise from our operations.

This declaration is made public for the awareness of all concerned.
